

Northborough Free Library – Juvenile Registration (under age 18)

If under 18, you must have a valid ID to obtain a card without a parent or guardian present (certain exceptions apply). For minors with a valid ID (usually age 16 or 17), a letter will be sent home informing parents that their child has opened a card. No other information will be given. The library will not divulge the titles of items checked out by a patron age 12+ as long as the card is in good standing. Titles will be revealed to parents if items are not returned, or returned damaged or with missing parts, and when items become seriously overdue. A parent/guardian has access to all information for children 11 or younger.
