USE OF LIBRARY GROUNDS POLICY

Library grounds, including parking areas, gardens and lawn are for the use of library patrons and library sponsored events. Requests for use of library property for fundraising purposes will not be considered, except for the Friends of the Library. Any group wishing to use the library grounds must submit a request in writing to the Library Board of Trustees and Library Director. Issues that will need to be addressed include liability, insurance coverage, and any other concerns of the Board of Trustees. The proposed use is also subject to final review and approval by the Northborough Police and Fire Departments.

Approved by Board of Trustees, July 8, 2014
